

FUEL ACTIVATOR - A CUSTOM GASOLINE BLENDER

FUEL ACTIVATOR CHEMICAL CORP
9728 3rd Avenue, Suite 232
Brooklyn, NY 11209
Phone (718) 748-1349 - Fax: (718) 748-0817

PRODUCT INFORMATION

A PROBLEM

OUR SOLUTION

COLD WEATHER

The water disperser contained in Fuel Activator reduces the probability of carburetor icing and hard starting.

MOISTURE

Fuel Activator disperses the water that is contained in every gasoline fuel strainer. It is kept in suspension and, during the combustion process, the water is converted into super-heated steam resulting in additional power. You actually achieve the effect of water injection.

RPM HORSEPOWER EFFICIENCY PERFORMANCE

With Fuel Activator, RPMs, horsepower, efficiency and performance are increased. You are now burning more of your previously wasted gasoline. This means a lower hydrocarbon emission. Engines run 10 degrees cooler. Fuel Activator is non-flammable, has a lubricating quality, and does not contain kerosene.

SPARK PLUG FOULING

Fuel Activator extends the life of your spark plugs, even in cases of 2 cycle engines when users overdose oil mix. Cleans carbon off plugs and keeps them clean when continuously used as directed.

CARBONS OXIDES

Fuel Activator softens and removes these harmful agents from combustion chambers. Continued use will insure you of a clean, trouble-free engine, without harm to engine.

ODORS SMOKE

Fuel Activator cuts down odors and smoke up to 50%. This is the result of a more complete combustion cycle.

GASOLINE STABILIZER

Fuel Activator is a gasoline stabilizer. It homogenizes your gas and prevents it from turning into gum and varnish, thereby stabilizing it and keeping your jets, needle valves and carburetor clean.

ONE 16 OZ. CONTAINER OF FUEL ACTIVATOR TREATS 320 GALLONS OF GASOLINE.

GASOLINE RESTORER

Fuel Activator restores gasoline to its original potential enabling you to get your full money's worth from your gas dollar.

Fuel Activator alleviates many problems caused by Ethanol, such as fewer miles per gallon, increase in moisture buildup, and reduction in BTU's (energy).

GUARANTEE

Fuel Activator will never score, rust or damage any engine or delicate parts. It contains no acid or corrosive metal-destroying chemicals, is non-toxic and non-flammable.
